

International System of Numeration

MILLIONS			THOUSANDS			ONES		
HUNDRED MILLIONS	TEN MILLIONS	MILLIONS	HUNDRED THOUSANDS	TEN THOUSANDS	THOUSANDS	HUNDREDS	TENS	ONES

Assignment

1. Write the following in the Indian System and International system:

- (a) 132572819      (b) 2346825      (c) 725725233

ROMAN NUMERALS:

Roman numeral system is one of the system in which certain symbols are used to represent numbers.

Roman Numerals (symbols)	I	V	X	L	C	D	M
Values	1	5	10	50	100	500	1000

Working Rules:-

Step-1

If a symbol is repeated at the most 3 times, its value is added as many times as it occurs. Eg - II = 1+1 = 2

XX = 10+10 = 20 etc
